Do You Think For Yourself?

Or, do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

Whenever an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is *one* tried and true honest medicine of KNOWN COMPOSITION, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible indorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact, are only too glad to print, as they do, the formula, or list of ingredients, of which it is composed, *in plain English*, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famed medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authorative profesional endorsements by the leading medical authorities of this country, will be mailed *free* to any one sending name and address with request for same. Address Dr. R. V. Pierce, Buffalo, N. Y.

A Reliable Remedy FOR CATARRH

Ely's Cream Balm is quickly absorbed. Gives Relief at Once. It cleanses, soothes, heals and protects the diseased membrane resulting from Catarrh and drives away a Cold in the Head quickly. Restores the Senses of Taste and Smell. Full size 50 cts. at Druggists or by mail. Liquid Cream Balm for use in atomizers 75 cts. Ely Brothers, 56 Warren Street, New York.

Catarrh

To prove unquestionably, and beyond any doubt, that Catarrh of the nose and throat can be cured, I am furnishing patients through druggists, small free Trial Boxes of Dr. Shoop's Catarrh Cure. I do this because I am so certain, that Dr. Shoop's Catarrh Cure will bring actual substantial help. Nothing certainly, is so convincing as a physical test of any article of real, genuine merit. But that article must possess true merit, else the test will condemn, rather than advance it. Dr. Shoop's Catarrh Cure is a snow white, healing antiseptic balm, put up in beautiful nickel capped glass jars at 50c. Such soothing agents as Oil Eucalyptus, Thymol, Menthol, etc., are incorporated into a velvety, cream like Petrolatum, imported by Dr. Shoop from Europe. If Catarrh of the nose and throat has extended to the stomach, then by all means also use internally, Dr. Shoop's Restorative. Stomach distress, a lack of general strength, bloating, belching, biliousness, bad taste, etc. surely call for Dr. Shoop's Restorative.

For uncomplicated catarrh only of the nose and throat nothing else, however, need be used but

THE EARTHQUAKE IN SICILY.

The correspondent of the Rome Herald succeeded in reaching Ferruzzano on horseback. He found the town a mass of ruins, there being scarcely a single house standing. The roads, or rather mule tracks leading to the place, have been blotted out by landslides or carried away by the floods. Each ruined house had been converted into a tomb, occupied by the dead and living. A majority of the survivors have fled. Those remaining are hoping against hope that they will be able to rescue buried relatives. The inhabitants are semi-nude, most of them wearing the night-clothes they had on when the earthquake came. They are drenched through and through, having no shelter from the steadily falling rain.

Mute desperation and terror are depicted on their faces, and many of them weep silently. The parish priest is making a round of the ruined houses, reciting prayers for the dead, and administering extreme unaction to the dying.

Squads of soldiers are engaged in salving property and in recovering bodies Most of the injured inhabitants are sheltered in military tents. The doctors are kept busy attending to them.

A long row of bodies is awaiting identification and burial in half-dug graves, which are flooded. The torrential rain increases the desolation and renders the work of rescue difficult. The scenes witnessed are heartrending.

The latest reports from the affected districts place the number of dead at over 600 and the injured at 1,000. The troops are doing their utmost to diminish the sufferings of the people. They work steadily, unmindful of fatigue, burying the dead, rescuing the living, distributing food and clothing and providing shelter.

Minister Lacava is going the rounds of the villages dispensing help. Cardinal Portanova, archbishop of Reggio di Calabria, and the bishops are distributing the Pope's first contribution of $10,000. It is likely that the King will visit Calabria.

They Make You Feel Good.

The pleasant purgative effect experienced by all who use Chamberlain's Stomach and Liver Tablets, and the healthy condition of the body and mind which they create makes one feel joyful. Samples free at Gibson & Timberman's and W. F. Creighton & Co.'s drug stores.

CHEER NAMES OF GRANT AND ROOSEVELT.

The name of Gen. Ulysses S. Grant was enthusiastically cheered by the Grand Camp, Confederate Veterans, of Virginia, yesterday. Thousands of other Virginians also joined in the demonstration, and the same voices that acclaimed the greatness of Grant also expressed unbounded enthusiasm at the mention of the name of Theodore Roosevelt. These demonstrations occurred in the auditorium of the Jamestown Exposition, crowded to its four walls with the most enthusiastic audience that has ever been packed in it. It was Confederate Veterans' Day as well as Greator Norfolk Day at Jamestown.

Col. William H. Stewart, of Portsmouth, was orator of the day, and his references to the dead leaders and the living was the signal for the outbursts. Cheers made the great building ring when Col. Stewart referred to the advice of Grant to the Confederate soldiers after the surrender at Appomattox.

The hand clapping and hurrahing, mingled with rebel yells, continued for several minutes.

Lee's name also was greeted with thunderous applause, but that was entirely expected.

Another popular hero of the day was Rear Admiral P. F. Harrington, U. S. N., in charge of the naval interests at the exposition. He was one of the speakers of the day, and on his breast he wore the Confederate colors over his blue uniform.

CORONER INDICTED.

Coroner Peter P. Acritelli, of New York, was indicted yesterday on two charges of false registration from his home, in Lafayette street. At the same time it was brought out that the minutes for the grand jury investigation against Acritelli, which went to the attorney general, were paid for by check from the Independence League, presumably from the campaign committee. District Attorney Jerome will try to find out if the grand jury minutes of the election case have been going to the Independence League leaders.

One indicement for a felony charges Acritelli with having procured and induced others to register falsely from his home.

The other indictment, for a misdemeanor, says that he gave false information about persons who had registered from his home.

His Dear Old Mother.

"My dear old mother, who is now eighty-three years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. Guaranteed also for stomach, liver and kidney troubles, by all druggists. 50c.

AND VIRGINIA ADVERTISER

SATURDAY EVENING, OCT. 26, 1907.

THE TRUTH of the observation made many years ago by the late P. T. Barnum to the effect that men prefer to be humbugged is shown daily. James D. Loop, a farmer of Sycamore, Ind., has asked the police to find Victor Kenwood, a palmist, to whom he gave $600 last week on a promise that the palmist would drive Mrs. Loop insane so that he could obtain a divorce from her. Loop stated that he and his wife had been having trouble for a long time. He desired a divorce, but he feared the grounds were not sufficient. Kenwood, it is alleged, told Loop that if he would bring him a certain amount of money he would cause his wife to go insane, and then a separation would be an easy matter. Loop says he gave Kenwood $600, and the latter told Loop that it would be necessary for him (Kenwood) to carry the money next to his heart for two or three days, and to go away to some distant place. He would then return and the spell would be accomplished. After a few days Loop had a suspicion that all was not right and he then appealed to the police. Kenwood's whereabouts are unknown.

H. C. LEONARD, the brakeman responsible for the catastrophe at Rudd, N. C., on the Southern railway, causing the death and injury of many passengers, and who disappeared immediately following the accident, has turned up at Spencer, having walked all the way. He says he had been on constant duty for 23 hours without sleep when the wreck occurred and that he was in reality asleep at the switch when the wreck took place. Hunters with dogs in the woods at night frightened him almost to death causing him to believe that officers with bloodhounds were on his trail. The above shows that there are other matters incident to conducting a railroad that should be investigated. This is no uncommon occurrence, as in recent years it has been shown that many accidents have been caused by the failure of overworked men to perform their duties. The successful working of a railway depends upon every one doing his duty. This, however, is impossible when men are kept constantly at work for 23 hours.

THE American Sunday schools, public schools and homes are failures, declared C. L. Vancleave, Superintendent of the Toledo schools, at the State charities and correction convention at Bellefontaine, Ohio. "They do not inculate truth, honesty and industry. They turn out liars, thieves and loafers in astounding numbers. The trouble is that the fundamental principles of morality are neglected in the teaching of youth. I would send the children to church. I would pound the principles of morality into them continually in school and at home. That was the old-fashioned way, and the results were more beneficial than are those of the present day frill." There have always been liars, thieves and immoral people in the world, and probably the percentage is no larger in this generation than in others. Neither the Sunday nor secular schools are responsible for such. A thief and a betrayer appeared among the twelve apostles.

INSANITY, which took the form of literary kleptomania, is the defense entered in behalf of Rev. F. Lauriston Bullard, the Brandon, Vt., clergyman who was placed on trial in Boston yesterday charged with stealing rare books from several Boston dealers. Affidavits to this effect are signed by three Brandon physicians, who base their conclusions on personal observations and the testimony of Mrs. Bullard, who says that her husband has changed greatly during the past six months. All sorts of excuses are urged in these days in extenuation of misdemesnors and crimes. Ever since the discovery of printing bibliomaniacs have been in evidence. We once read of a man who started out Saturday night with but two shillings in his pocket to purchase food for the next day. In passing a bookstore he saw a copy of "Young's Night Thoughts" and he bought it with his two shillings, returning home with an empty basket. Had he been out of money, he would probably have been tempted to steal the volume.

THE BOARD OF TRUSTEES of the Church of Our Father, in Washington, rallied yesterday to the support of Rev. John Van Schaick, jr., the pastor who was condemned two days ago by the members of Burnside Post, Grand Army of the Republic, for his address delivered on Lincoln's birthday, when he commended the spirit of Gen. Robert E. Lee after the civil war. Members of the congregation are indignant at the criticism launched at their pastor, and immediately after the publication Thursday that the Grand Army of the Republic post refused to rescind its resolutions attacking Mr. Van Schaick a call was issued for a meeting of the board of directors, and resolutions were immediately drawn up, not only asserting the loyalty of the congregation to its pastor, but condemning in no uncertain terms the action of Burnside Post in its attack.

CARRYING his nose in his handkerchief, Ephraim Vannick, an employe of the American Rolling Mills Company, at Hamilton, Ohio, on Thursday entered the office of Dr. T. A. Bundy and calmly asked that it be sewed to his face again. Dr. Bundy complied and stitched the nasal appendage on, seemingly as well as by nature. He says the man's prompt action will save him from disfigurement for life. Vannick lost his nose temporarily by a blow from a sheet of steel in the rolling mill. This brings to mind a practice in certain parts of the far east, where persons convicted of larceny have their noses cut off. It was noticed by the authorities that certain persons who had previously suffered the loss of these members would later appear without any disfigurement of their faces. The officers subsequently ascertained that the severed noses had been picked up by the victims or their friends and replaced by the science af autoplasy. An order was immediately issued that in future the parts removed should be barred in the presence of the court.

TROUBLES, it is said, seldom come singly. Mrs. Theodore E. Schulz, wife of an automobile dealer in New York, had a comfortable sum deposited at the Harlem branch of the Knickerbocker Trust Company. Reading the accounts of the run on the institution on Tuesday, and thinking that the doors would be opened Wednesday, she left her home early to withdraw her account. With other disappointed depositors she lingered around the closed bank until the afternoon. When she returned home she found that burglars had ransacked the house from top to bottom and carried off property valued at $2,000.

CHOLERA is raging throughout eastern Russia. The poor are dying like flies. The country districts are suffering fearfully, but it is in the cities that the mortality is the greatest. At Kieff alone the death list averages 100 daily. Such is the panic that the stricken are deserted by their relatives, may die alone and corpses are left for days in abandoned houses. The earthquake in Sicily, by which several thousand persons have perished, is another recent horror. In connection with earthquakes and pestilence, famine has been destroying myriads in China.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Oct. 26.

President Roosevelt will be 49 years old tomorrow. He will spend his birthday in much the same manner that he does other Sundays—will go to church in the forenoon; will spend an hour or so after his devotions at the office going over his correspondence, and in the afternoon, if the weather is fine, will go for a horseback ride with Mrs. Roosevelt in the suburbs.

The Census Bureau announced today that complete returns from ginneries show that the total number of bales of cotton ginned to October 18, was 4,407,055, as comparred with 4,931,621 last year up to the same date. The number of active ginneries reported this year is 24,934, as compared with 26,135, last year.

As a result of a conference with the President at the White House today at which Secretary of the Navy Metcalf, Admiral Brownson, chief of the Bureau of Navigation, and Admiral Evans were present, formal orders were this afternoon issued for the sailing of the Atlantic battleship fleet to the Pacific, Monday, December 16.

The President announced today that he would work for separate statehood for Arizona and New Mexico but added that he did not believe any action in either case would be taken during the coming winter.

"There is nothing in the relations between the United Stares and Japan which makes it improper, inadviasble or inexpedient for us to send our battleship fleet from the Atlantic to the Pacific," said Secretary of State Root today.

Woman's Experience with a Burglar.

Pittsburg, Pa., Oct. 26.—Mrs. H. M. Rogers is confined to her bed with nervous prostration today while a posse is searching for the perpetrator of a most daring robbery yesterday afternoon. Mrs. Rogers was alone at her home near Bellevue, a suburb, when she went down stair to investigate a noise. She encountered a masked thug who beat and kicked her, bound her to a chair, using the woman's luxuriant hair along with a clothes line, and then gagged her. Because she groaned, the man attempted to cut her throat with a razor, but Mrs. Rogers kicked him so that he cut a slight gash in her leg above the ankle. The robber took $125 in money and much valuable bric-a-brac.

Utes on the War Path.

Sturgis, S. D., Oct. 26.—A telegram received here from the Cheyenne River Reservation says the Ute Indians have gone on the war path, killed and scalped Sergeant Baker and have also murdered several other reservation attaches. It is stated that the Indians have received supplies of arms and ammunition and will resist all efforts to subdue them. It is believed a detachment of troops will be dispatched from Fort Meade if the rumored uprising is confirmed.

Steamer's Rough Passage.

Quarantine, N. Y., Oct. 26.—After a rough passage, marked by storms which kept passengers below decks most of the time and the suicide of a steerage passenger who jumped overboard, the steamer Baltic arrived today, bringing many distinguished travelers.

News of the Day.

It is said that the labor organization in Havana plans to inaugurate a general strike Monday. Labor conditions show no improvement. There is considerable talk by the British officials of appealing to their government to obtain more protection. The cart drivers declare that they will strike today if certain demands they have made are not granted.

Unless there should be a change of the present programme, private and public consistories will be held in Rome respectively on December 9 and 12. Several Italian prelates will be given the red hat, but whether any foreigner will be so honored has not been decided. No American is named for the cardinalate.

A freight train on the Kanawha and Michigan road ran into a cut of cars on a siding at Langville, Ohio, yesterday. Edward Porter, the engineer, and John Edmons, the fireman, were killed. Engineer Wallace Stanley, the regular engineer of the train, refused to take his run yesterday, saying he felt a premonition of danger.

One of the boldest attempts at robbery in Philadelphia in a long time occurred yesterday, when two men tried to get away with $5,000 they had seized from a bank runner in the United States subtreasury. Both were arrested and all the money was recovered. They gave their names as C. D. Bates and Charles Watkins, and said they lived in New York. Bates, who seized the money, carried a loaded revolver.

The Baltimore and Ohio Railroad will run its first train into the new Union Sation in Washington at 6:50 o'clock tomorrow morning, and 10 minutes later the train will pull out again carrying the first passengers out of Washington from the depot. The Pennsylvania and the Southern Railroads have pledged themselves to follow the Baltimore and Ohio into the new station on November 17, and notices of the contemplated removal on that date were posted at the Pennsylvania Station yesterday.

Lieut. Gov. Chanler, of New York, was the guests yesterday of the Georgia State Fair Association at Atlanta and spoke before a large crowd at the fair grounds in the afternoon. He was introduced by United States Senator Clay. Lieut. Gov. Chanler made a plea for the divorce of the tariff issue from politics and its handling by a nonpartisan commission. He also urged the punishment by personal imprisonment of corporation officials who violate the law, saying heavy fines were not a preventive.

Mr. W. J. Bryan declared, in Kingston, N. Y., yesterday, that his decision whether to announce himself as a candidate for the democratic nomination for president will not depend upon the choice of the republicans, While passing through Kingston on his way to Port Jervis, Mr. Bryan authorized the following statement: "Mr. Bryan's decision as to being a candidate will not depend on who the republican candidate is. The question will be considered entirely from the standpoint of democratic principles and democratic advancement."

The alarming reports circulated earlier in the month regarding the health of King Alfonso of Spain appear to be confirmed. It is understood the king, who will travel under the strictest incognito, as Duke of Toledo, during his coming visits to London, will submit to the examination of a specialist in tuberculosis, from which disease his father died. The king's open-air life has thus far kept the hereditary disposition in abeyance, and an operation was performed on him recently in the hope of checking the growing symptoms of consumption.

There was a "run" on public school No. 17 in Junction avenue, Corona, Long Island, N. Y., Thursday, by an excited foreigner, who came near creating a stampede among the several hundred children and teachers by brandishing a stiletto and demanding his deposit. Miss Josephine Lawlor, the principal, tried in vain to convince him that the institution was not a bank, but a public school. To accentuate his earnestness he drove his knife into the principal's desk several times. Meanwhile some one called a policeman, who arrested the intruder. As Miss Lawlor refused to make a complaint against the man, the policeman took him out of the building and sent him away.

Senator Robert M. La Follette, of Wisconsin, arrived in Kalamazoo, Mich., yesterday on a scout for Michigan delegates to the next republican national convention. "If President Roosevelt insists upon not accepting another term to carry out his policies, I am the man to do it," said the Senator. When pressed as to his opinion of whether the President would consent to run next year, Mr. La Follette was evasive, but intimated that he had little fear of the only opposition be considered possible. He stated that he was already assured of a solid Wisconsin delegation, and was extending his campaign into neighboring States as energetically as possible. That was his errand in Michigan, he said.

The arrest of Ensign Charles B. Ulimo, of the French navy at Toulon, France, Thursday, on the charge of being a spy, and his later confession of having abstracted a secret naval signal book and the naval cipher code, were followed yesterday by the arrest, at Vendome, of an army reserve officer named Berton, who is charged with negotiations with an agent of a foreign power for the sale of military secrets. The arrests are creating a great stir, and as Ulimo is a Hebrew, the papers term his case a second Dreyfus affair. It appears that Ulimo offered documents to the minister of marine for $80,000, saying that unless his offer was accepted he would sell them to a foreign power. Thereupon a dummy correspondence was begun, ending in Ulimo's capture.

A Certain Cure for Croup—Used for Ten Years without a Failure.

Mr. W. C. Bott, a Star City, Ind., hardware merchant, is enthusiastic in his praise of Chamberlain's Cough Remedy. His children have all been subject to croup and he has used this remedy for the past ten years, and though they much fear the croup, his wife and he always felt safe upon retiring when a bottle of Chamberlain's Cough Remedy was in the house. Their oldest child was subject to severe attacks of croup, but this remedy failed to effect a speedy cure. He recommended it to friends and all who have used it is unequaled for children and whooping cough. For sale by [illegible] man and W. F. [illegible] Co.

Virginia News.

Former Navy Chaplain Harry W. Jones, convicted by naval court-martial of financial irregularities and dropped from the service of the government, was acquitted in Norfolk yesterday by a jury when arraigned upon an indictment for "grand larceny," alleging the giving of a $60 check returned by the Mechanics' Bank of Brooklyn, N. Y., marked "insufficient funds." The defendant denied criminal intent.

Eleven prisoners made their escape from the new $80,000 jail at Tazewell, a few nights ago. The prisoners in some unknown manner secured possession of saws, with which they cut their way through the steel, of which the jail structure is built. Only one of those who escaped has been recaptured. The structure was supposed to have been built of hardened steel and to have been proof against the work of the ordinary prisoner. Among those who escaped were two murderers from Buchanan county who had been sent over for safekeeping.

A special congressional election in the Ninth district, for the purpose of naming a successor to the late Col. Campbell Slemp, will be called for either December 17 or 19. The impression prevails that December 17 will be the date. Governor Swanson now has the matter under consideration. There is reason to believe that efforts are being made by the democrats to have Gen. Rufus A. Ayres enter the campaign. Judge William F. Rhea has also been urged to enter the contest. There are a number of republicans who are eager for the fray. Bascomb Slemp, son of the late Congressman and republican leader in the State; L. P. Summers, David Bailey, A. P. Gillespie, J. C. Noel and others are believed to be willing to accept the nomination.

PARKER RIDICULES BRYAN.

Alton B. Parker, former democratic candidate for President, said in New York yesterday that he had seen W. J. Bryan's statement in Schenectady that when in Congress Mr. Bryan advocated a law to protect depositors from exactly such conditions as occurred in New York during the last few days. Commenting thereon, he said:

"How glorious it is to be a heaven-born financial genius. What a pity Congress could not have appreciated the wonderful advantages of such a law. Had they appreciated it, we would not have needed yesterday the patriotism of J. Pierpont Morgan that prompted him to throw twenty-seven millions into the malestrom at a critical moment; the twenty-five millions of the government; the ten millions of Rockefeller and the money and strenuous labor of public-spirited and honest bankers and business men, who strove mightily to save business generally, and therefore every citizen, from ultimate injury. I am sorry that he did not mention the title of the bill. In the absence of specifications there will be those who will think that its title may have been '16 to 1.'"

THE PRESBYTERIAN SYNOD.

The session of the Virginia Presbyterian Synod, at Charleston, W. Va., yesterday, was principally given over to preliminary organization. It is probable that the entire meeting of the synod will be taken up with work of a routine nature, and it is thought that it will have completed practically all of its business by tonight.

Yesterday afternoon the delegates were entertained by ex-Governor McCorkle at his home, "Sunrise," and in the evening a short session of the conference was held, at which Dr. Russell Cecil, of Richmond, presided.

At 11 o'clock this morning Rev. S. L. Morris addressed the congregation in the interest of home missions. He was followed at 11:30 by Rev. S. A. D. P. Gilmore, W. W. Moore, and others in the interest of the Union Theological Seminary. Rev. J. E. Booker spoke today on the evangelistic work of the synod. The "Observance of the Sabbath by Railroads" was discussed by R. H. Fleming, of Virginia; J. M. Payne, J. J. Davis, George E. Prince, and C. W. Campbell, of West Virginia.

SCOTTISH RITE MASONS.

The biennial conclave of the Supreme Council of the Ancient and Accepted Scottish Rite Masons will conclude today in Washington. One of the most important things to be done by the council is to agree with the northern jurisdiction to divide the authority between the two bodies and to abolish the active membership for the army and navy. Heretofore all membership in the army and navy was controlled by the jurisdiction having headquarters in Washington. Charles Woods Donnelly, of Maryland, was appointed Knight Commander, Court of Honor.

CHANGING SENTIMENT.

Oliver Goldsmith's "Deserted Village."

Goldsmith in his "Deserted Village," spoke of a certain chapel where those who "went to scoff, remained to pray." So in life one often laughs at what he does not understand and later, when he does understand, his laugh turns to praise. There were some who doubted the merits of Newbro's "Herpicide," the scalp germicide and hair-dressing; but since they have tried it, they are now among its best friends and strongest endorses. Herpicide kills the germ that eats the hair off at the root, and the hair grows again. As a hair dressing it is incomparable; try it. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50 and $1.00. E. S. Leadbeater & Sons, Special Agents. 69

Woman Murderer Sentenced.

Stroudsburg, Pa., Oct. 26.—Eighteen months in the penitentiary was the sentence today passed on Mrs. John Newman, aged 75, who was found guilty of murder in the second degree in killing her aged husband. A pitch fork was the weapon used by the old woman in her fatal attack on Newman.

The Financial Situation Improving.

New York, Oct. 26.—If the Clearing House Association acts on J. P. Morgan's advice it will resort to the issuance of clearing house certificates to check drains on New York banks.

The Clearing-House committee is in session now footing up the amount withdrawn from New York institutions through shipments to the interior or by local depositors who prefer hoarding their money until the present period of the panic is passed. Should the total seem great enough to warrant a resort to the expedient suggested by Mr. Morgan, a meeting of the full association will be called immediately to authorize the issuance of the certificates.

The certificates are really loans, amply secured and guaranteed by the banks accepting them. During occasions of stringency they are issued and taken up after a return of the money market to normal conditions.

The adoption of such measures do not imply that the banks are in distress, but that more currency is needed than is immediately available. It is an effective precaution against the exhaustion of cash supplies in the financial institutions.

Depositors again gathered at the opening hour today at the doors of several of the banks and trust companies from which there have been heavy withdrawals. The numbers were somewhat lessened, but to be sure that they were in time, a number of persons arrived long before dawn and a few were even on hand before midnight.

Gold aggregating $5,000,000 is on the way from London to this port and is expected to arrive Monday. It is being imported by the National City Bank. Another bank is known to be planning to import $1,000,000 in gold.

The line was still intact today at the Lincoln Trust Company which is paying all comers. Great delay is caused, however, by the necessity of examining accounts and going over the books when checks for balances are presented.

J. Pierpont Morgan is suffering from a bad cold, but was at his office as usual this morning.

The weekly statement of the associated banks issued today shows the following changes: Reserves on all deposits, decrease, $12,415,950; reserved on deposits other than United States, decrease, $9,012,755; loans, increase, $10,864,737; specie, decrease, $8,925,330; legal tender, decrease, $3,973,500; decrease, $1,939,400; circulation, decrease, $214,100; total loans, $1,087,711,000. The banks now show a deficit of $1,233,300 below the legal requirements last year. There was a surplus of $5,673,675 and two years ago of $12,430,925.

Brooklyn, N. Y., Oct. 26.—Although there is a run of moderate sized proportions on at the Nassau Trust Company, Broadway and Bedford avenue, Williamsburg, things generally are quiet around the financial section of the eastern district. The officers of the bank assert that the institution is perfectly solvent and will pay every depositor. Everything is quiet around the doors of the suspended First National and the Williamsburg and Jenkins Trust Companies.

The Terminal Bank, of 81 Sand street, Brooklyn, closed its doors this morning. This bank was a depository of the Williamsport Trust Company.

Pittsburg, Pa., Oct. 26.—After a short meeting of the board of directors of the Pittsburg Stock Exchange it was decided not to open the exchange today. Secretary Charles J. Holman when asked if he thought the exchange would be open Monday replied that he could not say. It is believed here that business will be suspended until the financial turmoil is entirely quieted.

Providence, R. I., Oct. 26.—At a meeting prolonged far into this morning, the Clearing House Committee decided to come to the assistance of the local banks whenever called upon. The committee today recommended in the certification of checks such checks should be made payable only through the Providence Clearing House.

The financial situation here today is decidedly more reassuring, and it is believed that the action of the Clearing House committee will prevent all danger of serious consequences.

Struggle With a Negro Burglar.

New York, Oct. 26.—In a death struggle in the dark with a negro burglar, armed with a razor, Dr. Leopold Weiss, of 278 west 113th street, fought from his bedroom to the basement of his home early today and fell exhausted only after he had wrested the weapon from the intruder and used it upon him with telling effect.

Dr. Weiss acts as financial agent for an English actor. He drew the actor's money out of the Knickerbocker Trust Company during the recent run, and believes the negro who, he says, he recognized as a former porter, saw him there.

Dr. Weiss was awakened by some one at his bureau. He sprang out of bed and seized the negro. They clinched and went tumbling about the room, cut into the hall and down the steps. On the first floor they fought desperately, the negro using the razor constantly. Then they rolled down another flight into the basement. Weiss grasped the razor and slashed the brute. As the struggle stopped a moment he turned on the electric lights and says he then recognized the negro. The burglar then sprang upon him, snatching the razor from his hand and escaped. The police found a trail of blood leading to a back fence and a pool of blood in an adjoining lot. Weiss sustained more than a dozen serious wounds, and is in a critical condition from loss of blood.

NOTICE—THE W. C. T. U.

Alexandria Free Night School was opened on last night week, but owing to there having been no notice in the paper there was only one pupil. On Tuesday evening there were five pupils, but as the rooms were cold there could be no school. The school was opened again last night. There have been some objections to the use of the parish hall because of injury to the property. The boys, however, have never done any serious mischief. The old window shades were so dry rotten that it was hardly possible to handle them without tearing them, and the boys, as a rule, are helpful about putting things to rights and trying to keep them in order. There are only a few who are inclined to be noisy or unruly. The rules will be the same as usual, four in number, "The young gentlemen of this school will be punctual, polite, quiet and obedient, and any boy breaking anyone of these rules will be required to leave for the evening." The hours will be from 7 to 9 p. m., instead of from 7:30 to 9:30, as formerly. This being the only mission night school in town the attendance has been for three winters, from 60 to 85 boys and last winter 10 girls. The superintendent hopes for the patience of the vestry and wardens, and will answer for the behavior of the boys as heretofore.

F. M. BUELL, President.

Killed on Underground Railway.

London, Oct. 26.—Five persons were killed and seven injured today by a crash on the Metropolitan Underground Railway. The fog prevented the driver of the moving train from seeing but a few feet before him and interfered seriously with the rescuers' work. Both trains were crowded with suburbanites on their way to work.

Nearly every passenger in both trains was hurled to the floor and, in addition to those seriously hurt, scores were badly cut and bruised.

The two trains were bound in the same direction and the first one had just stopped when it was struck from behind.

The driver of the second train was evidently closer to the first than he had supposed and also appears to have miscalculated the distance to the station, as he was running at full speed instead of having slowed down, as he would have done had he known he was approaching the platform.

In the darkness he failed to realize the danger until within eight or ten feet of the collision and, though he applied the brakes, it was then too late to even check the train's speed. Guards in the cars who escaped tried to stop the passengers in their panic to get out of the cars and many were hurt in this way. Those able to do so clamored furiously over the debris, and made their way to the street, so that it is possible there may have been sufferers as yet unaccounted for.

The Harden Libel Case.

Berlin, Oct. 26.—Denouncing the political and moral corruption which he declared almost the rule in German court circles, Lawyer Bernstein demanded reward, not punishment, for Editor Harden today, as the journalist's due for exposing condiditions which threaten the country's welfare. In defending Harden against attacks by Gen. Von Moltke, whom the former accused of membership in the "Knights of the Round Table," an organization charged with devotion not only to political intrigues of the most dangerous character, but to the most shocking immoralities, Bernstein delivered an address which made Moltke fairly writhe in his seat, while the court attendants and spectators listened in almost awe-stricken silence. Lawyer Von Gordon followed Bernstein with an address repudiating Harden's charges in so far, at least, as they concerned Von Moltke and demanding the editor's punishment, not only for the injury he has wrought but on the vindication of the count's character.

The taking of testimony in the Von Moltke-Harden case was stopped abruptly by Justice Kern yesterday afternoon with the announcement from the bench that the court had heard enough to satisfy him concerning the character of the decision, though no indication was given concerning the ruling to be made.

Panic on Ferryoat.

New York, Oct. 26.—Passengers on the Erie line ferryboat Chautauqua had a disagreeable experience today and a disastrous panic was narrowly averted when the lower decks were swept by the wash from the Metropolitan line steamer Yale. A wave three feet in depth swept the full length of the ferry boat. The Chautauqua was late, and for that reason was run close to the Yale, which leaves a great wash in her wake. The decks of the ferryboat was crowded when the wave came aboard. Many persons were knocked down and completely drenched. Hardly a soul on the lower deck escaped being soaked from the waist down. Instantly the cry was raised that the ferryboat was sinking, and there was a rush for life preservers. The crew and officers had their hands full allaying the panic. To make matters worse, the driveway of the ferryboat was crowded with teams. As the water struck the horses they reared and plunged and threatened to dash through the iron gates. When the ferry finally docked there was a panicky rush by her passengers to the dock.

Alleged Plot to Shoot King Edward.

London, Oct. 26.—A supposed plot to assassinate King Edward of England was uncovered through the arrest today of a man who gives his name as John Pearce for loitering near Sir Ernest Cassel's Chippenham Park residence, where the King has been shooting for the past week. "I was sent out to shoot a gentleman who comes here to kill game," said the prisoner when arrested, "and I'm going to shoot him, too." The man was remanded to New Market jail. Attempts were made to induce him to reveal the details of the plot and to give the names of his accomplices. The Prince of Wales, who also shoots over the Chippenham Park preserve, was to have arrived shortly to spend next week.

Little Girl's Strange Story.

Lowell, Mass., Oct. 26.—Twelve-year old Lizzie Locker is at the State Hospital here waiting for the police to locate the mother who, she declares, sent her all the way to New England to "do some shopping." The little girl says she was robbed while asleep on the train. She maintains steadfastly that her story is true, and she says that she wants to go home. When the child was found by the police her story of her lengthy journey to shop was at first regarded as a fairy tale, but an investigation showed that it was true in some particulars, at least. According to her first statement she came from No. 2528 E street, Washington, D. C., and was provided with a railroad ticket and $9 by her mother to spend on dresses.

Houses Routed Alive.

Chicago, Oct. 26.—Two more early morning fires in which a total of eight horses were roasted alive has led fire department officials to work on the theory that pyromaniac with a particular fondness for hearing the wild neighing and tramping of horses, is responsible for the blazes.

New York Stock Market.

New York, Oct. 26.—There was a calmer tone at the opening of the stock market today and first prices as a rule showed gains from last night. The improved tone in the copper market caused an early sharp advance, extending to 2¼ per cent. in Amalgamated, but a reaction of 3-4 per cent. followed. American Smelting advanced nearly a point. Dealings were only moderate, and after ten minutes of trading prices were irregular, but with a fairly firm tone in evidence. At the end of the hour most of the early gains were lost, but the tone was steady and the action of the market all through was considered satisfactory to financial interests.

ARREST OF ALLEGED THIEF.

Charles Walton was arrested in this city yesterday afternoon while, it is claimed, he was about to dispose of a quantity of mutilated bronze and pewter ornaments and it is believed he is the man who carried several thousand dollars' worth of fixtures from the residence of Mrs. Edward F. Qualtrough, wife of Commander Qualtrough, U. S. N., at 1901 F street northwest, Washington. The police are of the opinion the man is also responsible for a large proportion of the numerous other vacant-house robberies that have been reported in that city within the past few months.

The robbery was reported at police headquarters in this city shortly after it had been committed, and the officers immediately went to work on the case, as it was believed the thief would endeavor to dispose of the plunder in this city. Officer Knight soon succeeded in getting on the trail of the man, and when the case had been worked up to a degree when an arrest could be made, he apprised Chief Goods and the latter notified the Washington authorities.

Yesterday Detectives Barbee and Vermillian, of Washington, came here and they (in disguise) accompanied Officers Knight, Garvey and Ferguson to a point opposite a junk shop on lower King street.

After the officers had waited some time on the opposite side of the street, Walton appeared with a bag containing the remnants of some of bronzes which it is believed were taken from Mrs. Qualtrough's residence, and he was immediately placed in custody. He was taken with the plunder to the station house and later conducted to Washington by the officers from that city.

Detective Barbee had visited the junk shop Thursday night and he took Mrs. Qualtrough to the place yesterday morning to identify one of the pieces which had previously been sold. He learned the man who had sold the statue intended to make a second visit to the place in the afternoon.

The bronze figure recovered is about four feet high, and represents a female figure supporting a bracket. Among the articles found in the bag were parts of a chandelier.

There is still a large portion of the missing articles which the police have been unable to locate. The lot consists of four heavy bronze chandeliers, six bronze vases, five bronze wall brackets, a pair of steel fenders and grate plates, and three other bronze statues. It is said that the bronzes were sold as junk for $7.

The Washington police say Walton has served terms in both the jail and penitentiary.

TEMPERANCE RALLY.

A delegation of members of the High Tent, Independent Order of Rechabites, of Washington, visited Alexandria last night and conducted a temperance rally at the First Baptist Church. Previous to the meeting there was a parade on King street, headed by a brass band, whose members are connected with the Rechabites. Addresses urging unceasing warfare against the liquor traffic were made by High Tent Chief Ruler N. Elwyn Vowles, Rev. Dr. W. F. Fisher, pastor of the First Baptist Church; Rev. Mr. Clark, of Manassas, and former High Tent Chief Ruler Wayne Cordelle, of Washington. Mr. Vowles urged active work in the temperance cause in this city, as well as elsewhere, and advised all Alexandrians interested in the movement to join Perseverance Tent, the local organization. He said the younger people should be induced to greater interest in the matter by having them form a junior tent. Mr. Cordelle deplored the difficulty of arousing public concern in the temperance cause, remarking upon the small number of persons present who were not members of the society. In that connection, he declared that if the meeting had been gotten up by saloon men it would have been attended by a thousand people. Rev. Dr. Fisher, who followed with an earnest address in behalf of temperance, said that he was dissatisfied with the meeting on the point of attendance. He urged the visitors to come again, and promised that on the next occasion the church would be well filled.

IMMIGRATION ASSOCIATION.

Mr. J. T. Preston, secretary of the Chamber of Commerce, has returned from the Southern Immigration Association which has been in session at Norfolk. Mr. Preston was chosen a member of the board of directors, when a permanent organization was effected, and he also served as a member of the committee on by-laws. The association will hold meetings in June and December each year. The convention was attended by a large gathering of representative business men from Virginia and North Carolina. A number of land and industrial agents from various railroad companies were also in attendance, The object of the association, as previously stated, is to promote desirable immigration from European countries.

MOVING PICTURES.

The exhibition of moving pictures at the Opera House continues to attract large crowds of young and old. The pictures are thrilling and realistic and are greatly enjoyed. They are of a large variety and are being constantly changed.

Mr. Jefferson, manager of the Opera House, wishes to state that the reserved coupons held for seats in the orchestra circle at the benefit for the Baptist Church Thursday were only good up to 8 o'clock, according to the rules of the committee having the entertainment in charge, and those who came after that hour who held coupons for seats forfeited their right to such. The manager was not to blame for this confusion.

FUNERALS.

The funeral of Helen, infant daughter of Mr. and Mrs. Hiram Sutton, took place this afternoon at its parents' residence, 417 Wilkes street. Rev. G. I. Humphries, pastor of the Methodist Protestant Church, conducted the services.

Funeral services over the remains of Matthew McKeown, whose death occurred Thursday night, will be held at 2 o'clock tomorrow afternoon at his home, 1104 Wilkes street. Rev. E. V. Regester, presiding elder of the Washington district of the Methodist Episcopal Church South, will officiate, and the burial will be made in the Methodist Protestant cemetery.

WILL REORGANIZE CLUB.

Arrangements are being made for reorganizing the Alexandria German Club. The club will, it is stated, be operated along lines similar to that of last year. The committee on arrangements is composed of the following: A. D. Brockett, Judge Louis C. Barley, Harry Beverley, Douglass Stuart, Dr. T. B. Cochran, Arthur Bryant, Eugene B. Taylor, Marshall L. King, R. M. Chichester with J. S. Douglas, jr., as secretary and J. T. Burke, jr. as treasurer.

GOLF CLUB TEA.

Mrs. Richard Gibson and Mrs. E. H. Richardson were the hostesses at a beautiful tea at the Golf Club House yesterday afternoon. The reception room was decorated with autumn foliage and white chrysanthemums. The attractively arranged table was lighted with red-shaded candles. About fifty guests were present, among whom were Mrs. Louis Hanckel, of Charlottesville; Miss Parrish, of southern Virginia; Miss Bessie Cole, of Boston; Miss Julia Lippitt and Miss Marie Tunstall, of Washington. The hostesses at the tea next Friday afternoon from 3 to 5 o'clock will be Mrs. William Bryant and Mrs. Herbert Oliver.

COMPLAINT FROM THE COUNTY

Considerable complaint is being made by the residents of Braddock Heights owing to the alleged failure of certain trains over the Washington, Alexandria and Mount Vernon Railway to stop at that station. It is said that the matter will be brought to the attention of the State Corporation Commission. A citizen of that suburb stated this morning that a letter, signed by many residents of that place, was recently submitted to the railway company's officials asking for better service, but that up to the present time they had not received any response.

FOOTBALL NOTES.

The Episcopal High School football team left this morning for Maryland and this afternoon they will meet the strong eleven representing the Jacob Tome Institute.

FINED AND IMPRISONED.

In the Circuit Court of Alexandria county, yesterday afternoon, Judge J. B. T. Thornton presiding, Henry Clayton was fined $200 and sentenced to serve sixty days in jail on a charge of operating slot machines. Counsel for the accused, Messrs Machen ann Moncure, noted an appeal The case was upon an appeal from a decision rendered by Justice Supplee several weeks ago when Clayton was fined $100 and sentenced to serve thirty days in jail. The verdict was a surprise to both Clayton and his attorneys. Immediately following the court's verdict Judge Thornton issued a rule against John C. Nelson to appear in court Wednesday morning next at 10 o'clock to show cause why he should not be fined and imprisoned for attempting to bribe a witness in the case of the Commonwealth against Henry Clayton The outcome of Nelson's case is awaited with considerable interest. SATURDAY EVENING, OCT. 26 1907.

CONVICTED OF MANSLAUGHTER

A novel criminal trial ended in New York, yesterday, when James Wardell was convicted of manslaughter for helping his wife to commit suicide. It was the first trial of the kind that has been held in this country. Wardell may get 20 years.

The jury did not believe the story that Wardell told on the stand while crying bitterly. He said he called on his wife, who had not been living with him. He told her he loved her and she said that she would live with him.

"But," she added, "if I should ever be overcome by gas, kill me, for I am afraid of being buried alive."

She explained to him that she was fearful because she had been overcome by gas once, and he promised to kill her if he found her in that state. The next thing he knew she was in bed with the gas turned on and he thought she was dead. Then he got a pistol and killed her.

It was brought out that the bullet was fired into her body after she was dead. A note was also produced to show that they had agreed to commit suicide together.

A plea was made for Wardell that the evidence showed that he had not aided in his wife's suicide, but that he only kept his promise to make sure that she was dead if she was overcome by gas. Wardell will not be sentenced until next week.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by Gibson & Timberman and W. F. Creighton & Co.

Hard Times in Kansas.

The old days of grasshoppers and drought are almost forgotten in prosperous Kansas of today; although a citizen of Codell, Earl Shamburg, has not yet forgotten a hard time he ncountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold remedy and lung and throat healer ever discovered. Guaranteed by all drug stores. 50c and $1 00. Trial bottle free.

Investigation into the loss of approximately $24,000 from the railway depot office of the United States Express Company, in Milwaukee, Wis., shows that the money was probably taken by an employe. The thief apparently had knowledge of the combination of a large safe in the office. None of the employes is missing.
